CRAB ORCHARD.

The doctors who are going to run the sanitarium were here Friday. They said that every arrangement had been made and they would open May 1.

We have an old lady living in Crab Orchard by the name of Adams, who claims to be 103 years old. She has all her faculties perfect, except hearing. She lives with her daughter, Mrs. Roberts.

Uncle Willis Tisdale is very sick at Mrs. Moore's. He has the grip and this with blage will make it very difficult for him to recover. Mr. Will Saunders and wife are in Crab Orchard since his trial. Mrs. T. A. Gresham went to Rockcastle river Saturday and will take a general visit through the mountains.

The phantom ball was a grand success. All who were masked formed in an adjoining room and came in the ballroom and went through the grand march to perfection, then formed a quadrille and by the time it was completed, all were so warm they had to take off their masks, and although the spectators were sure they knew different ones in the party, they found that they were mistaken in many instances. Some of them looked so ghost-like that it was enough to frighten one, and Mr. Slaughter's young child, little Hazel, would go away from home to sleep, saying she did not want to stay in the house with "ugly ghosts." All went home about 11 o'clock to rest and get ready for Green Bazaar on Saturday. Mr. Slaughter announced that the track would call for all the ladies at 8 a. m. and the gentlemen would have to furnish their own conveyance. Promptly at 8 Saturday the wagons started around to gather up the party and such an array of pretty gingham and dainty sun bonnets one hardly ever sees and the trip to the Springs was made merry by the young ladies, who felt free to sing and laugh as loud as they wished. The only gentlemen in the crowd were the drivers and Master Joe Newland, who played the gallant by assisting the young ladies in and out of the wagons, when they wanted to walk and gather flowers. The Springs were reached about 10 and the music being ready, the spacious dining-hall was turned into a ball-room and those who enjoyed dancing were supplied with good music and a good hall, while those who did not dance played croquet, ten pins and cards to their hearts' delight. At 1:30 the dancers were invited to vacate the dining-room, while dinner was put on the tables, for Mr. Slaughter had taken besides his cook, an array of dining room waiters, and before we could hardly realize we were out of the room, the bell called us back to dinner. To say we were surprised but faintly expresses it, for although we were expecting dinner at his expense we had no idea of such a spread, but everything to suit the most delicate was to be had and was served in an elegant manner. After all had dined there was enough left to have fed as many more. The crowd was just large enough and everything was enjoyed, even the planting of the flower seed in which Mr. Slaughter had everybody assist. All arrived home tired, but feeling that it was a bright day spent to life's history.

Fernest Thompson For Delegate.

The democrats of Kentucky want H. Hillman to represent them at the National Convention. Mr. Phillips, Mr. T. B. Phillips, Mr. Little Phillips, who are all to go to the New York session. Nebraska has a straight out Cleveland man, while Illinois — I. Thompson.

The sympathy of the Thompsons to Mr. Cleveland is well known and I envy if Mr. Carlisle were the choice of Kentucky, which is exceedingly doubtful, it would be well to send some of our representatives—one who would vote right when Carlisle drops out—assuming that.

Senator Mulligan denies that he is endeavoring to get to the Chicago convention as a friend of Hill. Spenser Moore has given up the hopeless job of making the rifle against the Cleveland current and John B. Thompson has hurried off to Washington to consult Brother Phil about the situation. —Louisville Times.

The Hon. John B. Thompson, of Harrodsburg, is out in a card, announcing himself a candidate for delegate to the Chicago convention and declaring himself for Mr. Carlisle, or "some other good democrat." Mr. Thompson should read the papers. Cleveland men will go to Chicago and none others need apply. This little plan to thwart the will of the people will make no votes for Mr. Hill, nor friends for its promoters. —Anderson News.

The Nebraska democratic convention indorsed Cleveland for president, but the clause instructing the delegation to vote for him was stricken out. A free silver resolution caused an uproar and was defeated.

A cyclone visited Virginia, being particularly severe in Dinwiddie county. Two women were killed, a sailor is reported lost and much valuable property destroyed. In Brunswick county two or more were killed.

DANVILLE.

A daughter is a late arrival at the home of Mr. James B. Caldwell, this county.

Miss Jennie Cowan has returned to her home in this county after an absence of several years in Illinois.

Capt. T. D. English, of this county, will go to Atlanta next week to conduct a big real estate sale for Samuel W. Goods & Co. of that city.

Senator Breckinridge informed the INTERIOR JOURNAL Monday that he now had no doubt but that Casey county would be in the new 13th judicial district.

In the county court Monday the bastardy prosecution against Sam Moore, Jr., was dismissed on motion of the county attorney, it appearing that the child was born in Lincoln instead of Boyle.

Wm. Moss, aged about 50 years, died at his home of White Oak, in the knob region of this county, Friday evening, after nearly a year's illness. Several of his friends were in town Saturday, raising money with which to defray his funeral expenses.

Mr. A. G. Kennedy, who has been with the Central Kentucky Carriage Co. for several years, has taken temporary employment with Baker Bros., of Lexington. Hon. Jordan Owen, of Hart county, a member of the State board of equalization, is the guest of Mr. J. W. Surgeon, of the West End.

Lena B. Tibbs and Lizzie Green, two colored women of Danville, made speeches before the railroad committee at Frankfort against the separate coach bill. Miss Tibbs is a daughter of Ben Tibbs, the well-known barber. Miss Green is a step-daughter of Spencer Holmes.

The will of J. W. Higginbotham was admitted to record Monday. The will was made before his wife's death, when everything was given to her. She dying before her husband, the will of course is a nullity and the property goes to his heirs at-law. The estate, real and personal, will amount to \$20,000.

Workmen will begin remodeling the interior of the post-office Tuesday in such a way as will make it much more convenient for our citizens, as well as for Mr. Van Pelt and his assistants. Following is a list of advertised letters for this week: Angram, Mrs. Amery; Compton, Miss Alice; Curry, Mr. Rubin; Eme, Miss Elizabeth; Eme, Melia, colored; Engleman, Mr. Sam M.; Fennelly, Mrs. Harriet; Haltville, Mrs. Mory; Lambert, Elmerie; Lister, Mrs. Anna; Nale, Charles; Penny, H. L.; Pritchett, Miss Ollie; Boggs, Mr. Mike; S. S. Stinger, Mr. Nelson.

Mr. J. W. Bowen, the popular clerk of A. M. King, the druggist, will not leave Danville, as has been rumored, but will remain in his present situation. Philip Foley returned to St. Mary's College Monday after a visit to the home folks. Messrs. B. J. Breckinridge and H. T. Noel, candidates for circuit judge, and Messrs. Hughes, of Harrodsburg, and Owsley, of Stanford, for Common wealth's attorney, were mixing with the voters Monday. The two two first-named gentlemen were to speak, but could not do so until after it was definitely known what county of you I come into the district.

C. M. T. Parkerton, of this county, was riding along the park near his home, last Friday, when he found a colored woman lying on the ground apparently in great pain. Seeing Mr. Parkerton take her to the rest of Horton Tucker, a colored man who live in town, he helped her in his carriage and proceeded toward Horton's with great charity. But the alacrity with which he proceeded was not "dramatic" enough for him to think Tucker's mansion was reached those human scenes were in the velvet, the colored woman having increased the world's population by one. Reaching Mr. Tucker's residence Mrs. Tucker refused to permit Mr. Parkerton to unload his carriage and he didn't know what in the "starvation" to do. The colored woman suggested another place, but she was refused admission there and it was only after the fourth effort that people with enough humanity were found who were willing to take care of the poor creature.

There was considerable excitement in the Clemens House, Friday morning, caused by the supposition that a box constrictor had broken loose and taken refuge in the upper stories of the hotel. Mr. Thorle was reading in the office when a series of heart rending screams coming from above startled him. Jim Glower, the office boy, was immediately dispatched to ascertain the cause of the tumult. He had scarcely reached the higher region when he came tumbling down to the ground floor, pale as a ghost. "There is a snake up there 20 yards long," shrieked Jim. Reinforced by Sam Brumfield and armed with a spade and a hoe, Jim again went up stairs to put the snake to death. The screams continued and men who had faced the enemy from Bull Run to Appomattox hesitated to approach the mon-

ster, which, it began to be thought, had escaped from the sample case of the advance agent of John Robinson's great show, who had been the guest of the house a few days before. When Jim and Sam reached the 3d door they found the ladies of the house perched on tables, chairs, mantel-pieces, anywhere to escape the fangs of the forked tongued native of the tropics. The snake was coiled in the hall and after a severe battle he was dispatched. When measured he was found to be full 12 feet—no, 12 inches long. Rev. J. W. Lynch, of the Baptist church, had just returned from a fishing trip to Green River, bringing with him a valise in which were the clothes he wore while fishing. It is now thought the serpent crawled into the valise while Mr. Lynch was on the river bank and that he brought it home with him when he returned, as the partly open valise was near the spot where the snake was last seen.

LANCASTER, GARRARD COUNTY.

Communion services were held at the Methodist church Sunday.

It is said that a \$20 bill looks as big as a millionnaire as all out of doors.

The total production of maple sugar in this country last year was 32,952,927 pounds. This must have been entirely consumed, as there appears to be none in the market at present; at least, an article that is unadulterated.

Col. Booze is lecturing on temperance in Kansas. If he is really "Booze" and he keeps that way all the time, his personal appearance ought to be a better temperance lecture than he would be likely to deliver upon the stand.

The New York Legislature is about to make a congressional district 250 miles long. The 8th district of Kentucky is about 150 miles long and might properly be called the "Shoe-string District." New York is only a hundred miles ahead of us.

We understand that Judge Morrow has decided the contested election case for police judge between J. C. Hemphill and Walton Eason in favor of the latter by one vote. We also learn that Judge Hemphill will take the case to the Court of Appeals.

Saturday night about 10 o'clock fire was discovered in the basement of Pape's restaurant, and for awhile it looked as though the handsome new building would be consumed, but by the good work of our fire department the flames were extinguished.

The Philadelphia Inquirer thinks there is no impropriety in lawyers and doctors advertising. Certainly not, if they confine themselves to a simple card notifying the public that they are practicing their profession and when and where they may be found, but their pictures could be dispensed with without serious injury to their professional standing.

A special term of the Garrard circuit court was held in this place Saturday, the 16th. P. M. McRoberts, Esq., of Stanford, was elected special judge and disposed of the cases that were called promptly and satisfactorily. He makes a most excellent judge and it is the hope of this district that he will take a notion to place him permanently on the bench, they would never have cause to regret it.

Miss Jessie Whetstone, who is visiting friends in Louisville, will return Tuesday. Mr. John B. Brown, now of Newport, was to her several days ago shaking hands with the notorious friends, Mrs. H. A. M. Markland, Mrs. William Harland and Mr. Frank Markland, went to P. T. Barnum's Friday. Miss Blanche Sweeney who has been quiet sick, continues to improve. Judge Jacobs, of Danville, was in town Saturday.

The Cincinnati Commercial Gazette seems to think the republicans of the southwest not amount to much. Referring to Kentucky it says:

"The Kentucky republicans utter their protest against the free and unlimited coinage of silver. The worst thing in that state is the free and unlimited democratic vote." In referring to the selection of delegates to the National convention it says:

"In republican states the democrats are making as big a parade in the selection of delegates to their National convention as are the republicans in solid democratic states."

The New Nation says: "If a small boy should be found with a roll of \$1,000 in his possession the presumption would be that he could not possibly have earned so large a sum he must have stolen it, and he would be immediately taken by the coat collar and made to give an account of how he came by the money. We respectfully submit that when a grown man is found with \$1,000,000 in his possession, it is equally safe to assume that he did not come by so large a sum by any proper means and that society should therefore take him by the scull of the neck and make him give an account of how he secured what he has. We undertake to say that no man can justify his possession of \$1,000,000 on sound ethical grounds. It is as much out of the power of a grown man to fairly earn that sum as it is beyond the boy's power to earn the thousandth part of it."

LONDON, LAUREL COUNTY.

The porch recently added to his dwelling by J. T. Brown is handsome indeed.

There will be a wedding here shortly that will surprise a good many of the natives. A widow will be married to somebody "away off."

Detective Anderson, of Somerset, arrived here Sunday evening with the notorious Craig Glegg, who has several times escaped from the jail here. He told the writer he did not expect to be in jail longer than a week this time at the farthest.

George S. Calloway, of this place, and Miss Lucy Litton were married at East Bernstadt at the residence of the bride's father, W. H. Litton, Sunday. The happy couple came in on the evening train of the same day. Best wishes for happiness, &c.

John E. White, of Manchester, and Hon. J. A. Craft, of Louisville, were here Sunday. Mrs. Matson, who was recently unsuccessful in the suit of the Matson heirs against her, for Dr. Matson's property here, left last Sunday night for her old home in Basing Spin, Ind., to stay for the future.

Marriage licenses have been issued since April 1 to the following parties: John Warren and Margaret Sealf; C. W. Haverly, aged 20, and Lillian Taylor, 15 years old; J. A. Cox, aged 23, and Jenny B. Wyatt, 16; W. G. Guins, 19, and Dora Ruders, 14; George S. Calloway and Lucy Litton, W. F. Tibbs and Demie Dilton.

The store-house of J. M. Russell, at Paris Station, was broken open Friday night and about \$200 worth of goods and \$5 in cash taken. Saturday Wm. Shotwell while out squirrel hunting discovered a stranger who represented himself to be a peddler hiding the goods in the woods. Shotwell captured him, but he made his escape, leaving the goods behind. He had a fine set of burglar's tools on his person.

There was published in the Louisville Times a few days ago a statement from its Frankfort correspondent that R. M. Jackson was a leading candidate for delegate from this, the 11th, district. Now Bob deserves not only the position as delegate, but anything else that the democracy could give him, but he is not a candidate, and not only that, but he is for Green Denham once, twice, three times and all the time for that place and so are several others in this county.

MATRIMONIAL MATTERS.

Mr. Andrew Turner and Miss Brilly Wren were married last week.

The after cards of Mr. and Mrs. Richard Brown Norwood say they will be at home to their friends after May 1, in Lexington.

Mr. G. R. Washburn, of the Wine and Spirit Bulletin, and Miss Mary B. Moore will marry on the 27th, at the First Christian church, Louisville.

Jos. S. Wright, of Junction City, and Mrs. Sallie Shively, of Lebanon, brother-in-law and sister-in-law, were married in Cincinnati Thursday. A dispatch from there says that five years ago Mrs. Shively lost her husband by an accident on an L. & N. bridge. Mr. Wright began suit for damages. Meantime his wife died. The lawyer was tedious and only recently won in a trial judgment of \$1,000 for Mrs. Shively. The marriage was apparently the natural result from the long association in litigation of the successful lawyers.

A pair we are informed at meeting of the Indiana State Convention Saturday, it is believed, will assure harmony between the Cincinnati and Gray men in the State convention. By the agreement Cleveland is to be indorsed, but Ex Gov. Gray is to be supported, it is deemed expedient.

The Penitentiary Commissioners are in favor of building 300 new cells and this will probably be done. The estimated cost of the 300 cells is \$55,000, while the cost of 300 would be about \$12,000 less. There are now about 100 cells occupied by two prisoners each, so that immediately on the completion of the addition over 100 cells will be occupied.

W. P. WALTON.

THIS PAPER IS AN 8-PAGE ON FRIDAYS.

The legislative committee appointed to investigate the Georgetown scandal, treated the Hon. Mr. McInerney to a beautiful application of whitewash. The fact that he drove over with a friend and "two ladies" to Georgetown and registered in the names of other members of the Legislature and their wives is considered by the committee in the nature of a joke. He was simply out for a little fun and the committee thinks it is no part of the business of the Legislature to inquire into it, even if it had been questionable. Mr. McInerney is given a certificate of good character, "the ladies" also came in for commendation and everybody and everything are made to feel lovely and serene.

When the report was read Mr. Myers objected to its approval, but was willing to simply allow it to appear on the journal that it had been received and succeeded in preventing the former. This incensed McInerney and in violation of the constitutional provision, he attacked Mr. Myers afterwards, but the latter treated him with the withering contempt he deserved. For a great moral reformer, who was to shut up pool rooms, stop the dissemination of obscene literature and play ladies generally, the libertine and bully from Kenton is peculiar. He has disgraced the body, which has likewise disgraced itself in its manner of dealing with him.

Those who know us can testify that we are as mild a manured man as ever cut a throat or scuttled a ship, and that it takes great deal to turn us from the even tenor of our way. In fact, we are as meek as Moses and as long-suffering as Job, but with all that we cannot, in the language of the ancients, stand everything and go to mill too. Editor Smith, of the Mt. Vernon Signal, with malice aforethought and evil prepose, has referred to an erudite and thoughtful editorial, recently published in this paper, as "Walton's crazy comments," and that is the cause of our wrathful ire. We do not permit the editor of any hebdomadal sheet to refer to us or our articles in such a contemptuous manner and by the holy grits! Editor Smith has got to fight or withdraw his offensive language. We demand an apology or gore, and gallons of it.

Old CASH CLAY insulted the prohibitionists during his speech before the Legislature against the separate coach bill by drawing a bottle of whisky from his inside pocket when he got hoarse and taking a big swig, declaring at the same time that there was no prohibition humbuggery about him. The old man gets more reckless as he grows in years. A long time ago he is said to have laid two horse pistols on the stand in front of him when he was about to make an abolition speech, but those weapons were mere child's toys to the one he drew at Frankfort. It has slain its tens of thousands and will slay as many more, unless the prohibitionists succeed in hastening the millennium and the year of jubilee.

The cruel war with Italy is over, diplomatic relations have once more been restored and the goose is again hanging from an attitudinal point. The United States has agreed to pay \$25,000 for the members of the Mafia killed by the mob at New Orleans, and as that is some \$24,000 more than they are worth, Italy is more than satisfied. We might have peace now if this was not presidential year and Harrison did not have to maintain a jingo policy for the delectation of the gallery gods.

The Hopkinsville New Era is for leaving the silver question in abeyance until after the November elections, and throw down the gauntlet of battle on the reform of the iniquitous tariff. Don't endanger this great cause, it says, by the obstruction just now of any other issue, even if it is an important one. With tariff reform as the issue and Grover Cleveland as the standard-bearer of the party the democrats will be invincible at the polls next November.

If it took the united effort of the republican party to save little Rhode Island, that had not elected a democratic governor for 40 years, where will it be when it tries to spread itself over the entire country? It looks mighty like we've got 'em on the run, and as the New York World would say, "Come on democrats, let's keep them so."

The Frankfort Capital makes the capital suggestion that the newspapers give us a rest on the Blue-Grass Blade and its editor. The public has had more than a sufficient quantity of both, but you can't shake your gory locks at us and say we helped to do it. This paper has only referred to the incarceration as a matter of news and then only a line or two.

The Glasgow Times sententiously remarks that Mr. Cleveland is the choice of nine-tenths of the democracy of today, will probably be the choice of the other tenth to-morrow and is as certainly the next president as that he lives and the democratic party lives.

Owing to the illness of Hon. John M. Atherton he has been forced to retire from the race for district delegate to the National Convention, and his running mate, Hon. Boyd Winchester, has withdrawn, leaving Messrs. W. B. Haldeman and W. J. Abraham in the race. It is to be regretted that so able and accomplished a pair, who are so in touch with the people on their presidential preference and party issues, will not represent them at Chicago, but their interests will not suffer at the hands of Messrs. Haldeman and Abraham, both of whom are for Cleveland, tariff reform and honest money.

Mr. F. D. Shortswood, editor of the Harrodsburg Democrat, is mentioned for delegate from the 8th district to the Chicago convention. Sound on democracy, earnest in support of Mr. Cleveland and the issues he advocates, and in every way worthy and deserving of the honor, the district could not commit its trust to safer hands.

The editor of the Frankfort Capital has stopped putting his name in the middle. Leastwise it now appears in his paper as simple "Polk Johnson." What's the matter with the E. Polk?

THE GENERAL ASSEMBLY.

On motion of Senator Brockinridge the redistricting bill was made the special order for to-day.

Petitions from the miners in Laurel and Jellico for an assistant inspector of mines were presented in the Senate.

There were three incendiary fires at San Antonio, Texas, Saturday night, destroying \$100,000 worth of business property, including two newspaper offices.

At Durham, Ga., 125 convicts disarmed their keepers and fortified themselves, but were brought to terms when fired upon. They have been complaining of bad food and ill treatment.

The horse show at Danville, yesterday eclipsed anything of the kind ever seen there, the horse men tell us. It also eclipsed everything else and made business of all other kinds very dull.

A meeting of republican leaders in New York is reported to have agreed to oppose the nomination of Mr. Harrison and to have decided upon Gov. McKinley as the most promising candidate, with Cornelius S. Bliss for vice-president.

At Lincoln, Neb., Fred Herdlin shot and seriously wounded Mrs. Fred Miller and Mrs. John Lockhardt, who attempted to interfere in a quarrel between Herdlin and his wife. A child was also dangerously wounded. Herdlin was caught and terribly beaten by neighbors.

In trying to arrest Bill Murphy, the North Carolina desperado, who killed one of his brothers and three other men, Deputy Sheriff Charley Ray, of Monroe county, Tenn., was killed and Sheriff McLean wounded. Murphy and two brothers who were with him, escaped.

GRADED SCHOOL.

The Cost and Advantages Set Forth by One Who Has Investigated.

(To the Editor Interior Journal.) As every tax-payer in Stanford, and most all outside as to that matter, in Lincoln county, reads your paper, I should like to use it for a short while to offer a few suggestions, facts and figures in addition to those you made some time since in regard to the establishment of a graded common school in the city of Stanford. While the question has not been thoroughly canvassed with every white citizen in the proposed district, yet so far as it has been done there has not yet been found a single man or woman, who has either property or children, or both, to offer the slightest objection, provided, however, that the establishment of said proposed school is put upon such a sound and sure footing as will insure its success. The time has already come when the citizens of Stanford, historic as it is, situated at the foot hills of the Cumberland Mountains, which form a picturesque background, while the rich blue grass makes a broad, apron-like front, as luxurious as is found anywhere in the State, inhabiting by a people who are not only able to educate, but whose offspring are as ambitious to be something, to know something and to make a reputation in the world, as will be found anywhere within the confines of any State in the Union, when our girls and our boys demand an education which will fit them to successfully battle with the difficult problems of life. For these and many other reasons we cannot afford longer to defer.

We all know that many an intellect, naturally bright and active, is doomed to inactivity for want of proper opportunity to develop the natural capacity. In this age of progress, rush and go-aheadiness, five months, which is now the outside limit of the public term, is far too short to meet the requirements of the times. Then, too, the common school curriculum does not embrace the higher elements necessary to a complete education, even in English, to say nothing of the classics, which is so much desired and also required by those who expect to enter almost any respectable profession, whereby a reasonable competency from the same is to be expected.

But as the late lamented Jas. B. Beck used to say, "Let us deal for a while in figures as well as facts." Supposing the boundary extends 11 or 12 miles circumstantly from the public school building—it would be safe to say such a boundary would include at least \$1,000,000 worth of taxable property and not less than 200 polls. Now put the property tax at the low rate of 25 cents on each \$100 worth of property in the district and we have \$2,500. Add to this \$1 per poll and we have \$2,700. Then the State's per capita for each pupil in the district—to say nothing of immigration that will naturally result—will be not less than \$700, making a total annual income of \$3,400. Besides this, it seems to us very safe to estimate the tuition from those outside the district, who will send their sons and daughters to a first-class graded free school when they can get the advantage of the languages, as well as the more ordinary branches of instruction, will not be less than \$60 per month, or \$300 per annum, thus making a grand total of \$4,000 as an annual income.

Then should there be a consolidation of all other white schools in our city, with the proposed graded free school, after the present leases shall have expired, it would add a sufficient amount of funds to furnish all necessary additional school buildings for the accommodation of all who might wish to attend.

Now, on the other hand, let us see what the probable outlay would be. There would be from the start not less than four and possibly six teachers. By paying the principal \$1,000, 1st assistant \$700, 2d assistant \$500, 3d assistant \$500, 4th assistant \$500, the total teachers salary will be \$3,200. Add to this 6 per cent. for collection will make \$240.

MISS MAMIE BEAZLEY is visiting her sister, Mrs. Porter Sandidge.

MR. C. H. BROWN, depot agent at Rowland, is visiting at New Haven.

REV. AND MRS. A. V. SIZEMORE will move to the new parsonage to-day.

MR. AND MRS. M. F. ELKIN and family went to Lexington to visit Mrs. Salter.

MISS AMBROSIA THOMAS is studying telegraphy under Agent E. L. Clifford.

MISS MARY W. BOWMAN, of Lexington, is the guest of Mrs. Forestus Reid.

MISS TOM METCALF is ill at the home of Mr. John Metcalfe.—Jessamine Journal.

MR. S. H. SHANKS went over to Lexington Sunday to see his daughter, Miss Fannie.

MRS. T. J. FOSTER went to Jessamine Saturday to see her daughter, Mrs. Tom Metcalfe.

MISS CLARK REYNOLDS and daughter, Miss Eliza, of Waynesburg, have been guests of Mrs. Gran Meerson.

MR. J. C. FLORENCE, M. of T. of the K. C. G. & L., was here for a short time returning from a visit to his brother in Nelson.

REV. W. E. ARNOLD came over from Bourbon to attend the McKendree quarterly meeting, but as it was still unwell, he will return in a few days.

MR. L. D. SAMSON, editor of the Barboursville Herald, was on Saturday's train bound for Louisville. He says he is doing even better than he expected with his paper.

MISS MATTIE THOMSON, the Harrodsburg beauty, will sail in a few days for Europe with Mrs. Pulitzer, wife of the editor of the New York World. She will remain a year and perfect herself in the French language.

MR. J. A. CARPENTER, for a long time the clever and accommodating depot agent here, is said to be slowly but surely improving in health. He is in the mercantile and undertaking business with S. L. Gathrie at Perryville now.

MISSES BOWDIT AND NEWMAN who are canvassing for a valuable book, are at Miss Florence Trinehart's. Miss Newman is a daughter of Mr. E. W. Newman, the noted Washington correspondent who writes over the name de plume of "Savoyard."

MISS ADA SUTTON, Judge Alcorn's expert stenographer and typewriter, has our thanks for newspapers. She comes of a family of newspaper folks, an uncle being a leading editor in Indiana and others of her people being connected with the business in that State and Florida.

MESSRS. R. C. WARREN, Wm. Herndon, R. S. Lytle and E. C. Walton went to Somerset Sunday to be present at the opening of circuit court yesterday. Capt. Herdon says there are three murder cases, many felonies and misdemeanors, cases galore to dispose of during the two weeks' term.

CITY AND VICINITY.

For fruits of any kind go to R. Zimmerman. Reinenauer that he bakes cake to order.

Books, to the wife of Capt. R. D. Thompson, on Friday, a girl, weighing 10 pounds.

See James Frye at Hustonville and F. M. Ware at McKinney before you sell your wool. A. T. Nunnelley.

We have heard of no corn planting yet, but as the dogwood hasn't blossomed and the white oak leaves are not as large as rabbit ears, the farmers are not bothering themselves much about it.

JOHN H. CRAIG & SON, with Browning, King & Co., New York, and Wanamaker & Brown, Philadelphia, offer to trade 2,500 foreign and domestic fabrics for men's clothing. Suits made to order.

This idea seems to prevail that it is illegal to dun a man on a postal card. Such is not the case. There is a provision against making threats and using words calculated to wound or injure the tender feelings of a debtor, but you can dun him as much as you please on a postal.

SUNDAY was a lovely Easter day, but the previous bad weather had kept the spring heat out of the minds and off the heads of the majority of the ladies and those who wore them to church were the exception and not the rule. The first Sunday in May will likely bring them out in full force.

THE Ladies' Christian Aid Society will, on next Saturday, April 23d inst., open an exchange opposite the Coffey House. All donations will be thankfully received.

ATTENTION LADIES!—Come to our opening this week and see the new things arriving every day. You will be surprised at the beautiful things and the low prices. J. S. Hughes.

JOHN HALE celebrated his 16th birthday Friday night by giving a party to his young friends. All the hats and laces were present and enjoyed a big supper and a good time generally.

WOOL.—100,000 pounds wanted and at highest cash market price. Will have agents at Paint Lick, Lancaster, McKinney and Hustonville. See them before you sell. A. T. Nunnelley.

TO JUSTICES.—Judge W. E. Varnon has called the justices of the county to meet next Saturday, 23d, to fix the county levy and poll tax for the present year. This has been postponed by the tardiness of the Legislature in passing an enabling act.

THE Dr. Miles Medical Co., of Elkhart, Ind., is the most satisfactory to do business with of any foreign advertiser on our list. It has good remedies to offer, pays promptly and never raises a row when it sees a paper doing its best to live up to contract.

THE trustee of the jury fund, Mr. B. H. Alford, tells us that the cost of jurors at the late term of the circuit court was \$870, and that it would not have greatly exceeded \$500, but for sending to Garris for the Saunders jury and the reconvening of the grand jury.

GRADED SCHOOL.—Supt. W. F. McCrary contributes a thoughtful article on the graded school question. He figures that a tax of 25 cents on the \$100 will run the school and leave money for a sinking fund. If still the better, but we must have the school if it requires a tax of 40 cents.

SOME 30 or 40 lovers of the sport met at the Myers House parlors Saturday night and organized a base ball club for the present season. T. A. Rice was elected manager, Jack Turner secretary and Joe Smith treasurer. The club maintains its old name and the INTERIOR JOURNAL will be heard from whenever they cross bats. The club is open for challenges.

W. F. SHERIDAN, train dispatcher, says that Mr. Adam Pence gave him till Friday to get the palace car for his stock and thus it had to be brought from Chicago, it could not have gotten here earlier. He used every effort to get one nearer, as a pile of dispatches will show, and he would have had one here on the day agreed upon if Mr. Pence had not countermanded the order.

THE Courier-Journal thinks that it is probable that our courts are growing blind, instead of Lincoln county growing better, as suggested by the fact that there was no felony conviction at its last term of circuit court. That may be, but it seems from this point of observation to be more of carelessness than of blindness. There are a number of men that might have been tried and given their deserts at that court, had any special effort been made.

MR. B. H. DANKS has bought out the jewelry and repairing business of Mr. W. B. McRoberts and will continue it at the same stand. Since Mr. Danks was employed in the same store, he has attended the American Horological Institute, Philadelphia, where he secured diploma and credentials in engraving. He is an expert in repairs, as all who have tried him can testify, and being steady and popular, he is sure to make a success of the business. He will begin at once to dispose of the present stock at reduced rates to make room for the largest and handsomest line of jewelry ever brought to Stanford. See his ad. in this issue.

HORRIBLE DEATH.—Tom Carter, of Rowland, brakeman on the Cincinnati Southern, fell from a train near Lexington, Sunday, and had both legs and an arm cut off. The surgeon attempted to relieve him by operation, but he died during the night. His mother and wife went over and yesterday returned with the corpse. The deceased was a good-hearted, clever fellow, but whisky nearly always had the better of him and is said to have caused the accident. He was formerly employed on the L. & N., but had not been for some time. He leaves a wife and several children. A dispatch says that not one man in a thousand could have stood the six or seven hours of agonizing suffering with so much fortitude as did Mr. Carter. His legs and one arm were amputated and dressed by the surgeons, when he apparently recovered from the shock and for a time promised to survive. He was a perfect specimen of physical manhood.

—The plant of the Cumberland Valley Spike Co., at Burnside, was burned.

The south-bound passenger train killed a valuable Jersey heifer for Mr. E. Bremer Friday.

THE weather has been warm and sultry for a day or two and all nature seems springing into life in earnest.

It will be remembered that Tom Carter, who was killed near Lexington Sunday, was convicted of throwing the club from a train that struck Alex Walker and laid him out for so many days. The governor, however, pardoned him on condition that he would cease living so reckless a life.

THE Kentucky State Medical Association, of which Dr. Hawkins Brown, of Hustonville, is president, Dr. Steele Bailey, of Stanford, secretary, and Dr. J. B. Kinnaird, of Lancaster, treasurer, will meet in Masonic Temple, Louisville, May 4-6. The railroads have named a 1½ rate for the round-trip.

CHURCH AFFAIRS.

Rev. A. V. Sizemore will preach at Logan's Creek church next Sunday at 3 p. m.

Mrs. Vonholtz and daughter, Miss Bla, have just closed a four weeks' meeting at Mechanicsburg, O., in which there were 100 additions to the church and 150 conversions.

While kneeling at prayer in his church at Angesota, Spain, Father Marte was cut to death by a lunatic, who then fatally shot a woman in the congregation and made his escape.

—The Christian church was the only one decorated in commemoration of Easter and it was very appropriately and handsomely ornamented. Rev. W. E. Ellis' sermon on "Christ is Risen Indeed" was a fine effort and the music was a decided feature.

—The Board of Church Extension of the M. E. Church South finished its labor at Louisville and adjourned. The board distributed \$30,000 in donations and \$28,000 in loans, assisting congregations in 28 States and the Republic of Mexico.

—The Christian Evangelist says: " Elder Z. T. Sweeney has labored for about 20 years at Columbus, Ind., and has held a meeting each year. His first meeting since his return from Constantinople was still in progress with 225 additions, when last heard from."

—The Richmond Register says that the Transylvania Presbytery, Northern, which met there last week, resolved to spend \$1,000 a year in building schoolhouses in the mountains for the establishment of Church schools. Congress was asked not to grant any more money to the World's Fair unless the sale of liquor on the grounds is prohibited and the gates closed on Sunday. Harrodsburg was selected as the place for the fall meeting.

FARM AND TRADE ITEMS.

—George Enbanks sold to Catron, of Pulaski, a lot of fat heifers at 2½c.

—J. P. Bush bought of Henry Hester a pair of 2-year-old mules for \$20.

—Will Moreland bought of Carter & Bobbison a car-load of extra hogs at 3½ to 4c.

—FOR SALE.—A two-horse corn planter in good condition. A. Cannenich, Turnersville.

—Jones Bros. bought of Dan Bright a jacket for \$50 and one of Isaac Pearson, of Mercer, for \$350.

—W. H. Taylor bought in Garrard county 50 hogs at from 3½ to 4½c. They averaged 150 lbs.

—J. A. Cohen bought in Lincoln county, for D. L. Moore, 500 head of hogs, weighing from 100 to 125 pounds, at 3½c.

—Woodford Sun.

—FOR SALE.—Holstein-Jersey cow, 3 years old, nice form and will give 4 gallons of rich milk a day. W. W. Lyon, Hustonville.

—FOR SALE.—100 ewes with lambs, one Southdown buck. All young. No disease.

Call on or address me at Stanford. Stephen Burch.

—The horse show at Shelby City was rather a quiet affair. Only about 10 stallions were present and the crowd hardly justified that number.

—Mattie H., 22, formerly owned by Abe Smith, of Boyle, will be driven this season by George Starrs, the man who gave Direct a record of 2,06.

—Abe Smith has bred his famous mare, Ella Hopkins, the dam of Geneva S., Mattie H. and Quinine S., to Axel and a phenomenal may be expected.

—There is still some of the seed corn sent to this office by Hon. D. E. Dilmont for distribution, left. Those who want to give it a trial can get a quantity by calling for it.

—Partridge, the plunger, is said to have made over \$50,000 by the break in wheat in Chicago Monday. He is now regarded as the controlling influence in the market.

—Jack Chinn will not have the job of stater at the Garfield Park, Chicago, this season, at \$100 a day, as advertised.

George Hankins has turned him down and Jack is exceedingly wroth with him and M. Lewis Clark, both of whom he characterizes in bitter terms and against whom he makes direful threats of damage suits, &c.

Mr. Frank H. Hafford, a young man of Burlington, Vt., has been under the care of two prominent physicians and used their treatment until he was able to walk again. They pronounced his case to be Consumption and Inflammation. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds and at that time was not able to walk across the room. He found out before he had used half a dollar worth that it was much better; he continued to use it and is to-day walking good health. If you have any throat, lung or chest trouble try it. It would be the folly of madness to stake the results of the next presidential election upon the issue so strongly opposed in the democratic ranks as that of free silver. There is a danger signal in the fact that republicans want thus as a campaign question in order to avert the certainty of defeat that would attend a square fight on the tariff issue—betrayal Fine Press.

A New York girl says of the waltz: No one waltz, even when danced with the same partner is exactly the same. It is always a new sensation. The music is not in the same key, and the waltz does not touch the same chords of one's soul. If I dance 20 waltzes in the evening I have 20 different thrills of pleasure. With one partner, it is a soft, insidious measure; with the next, a long and languorous movement; with the third, more of a hop, that gently jars the brain into a devious, dreamy forgetfulness; while a fourth cavalier, with heroic tread, bears you away with strong and vigorous rhythm into still another world. The lights of this go out, you lose consciousness, but you feel no dread as you lie within those herculean arms, like a child rocked to sleep in his father's embrace. Your feet are no longer on the earth. It's a celestial rotation out into space, and when you alight on earth again you feel like a tired bird stopping from a long flight.

The WAY TO SMASH THE TRUSTS.—If Congress is in earnest in its warfare against trusts, it can settle the hash of the sugar trust in short order by repealing the duty on refined sugar. This duty of one-half cent a pound goes into the pockets of the baker's dozen millionaire and is of no use to anyone else. If it is repealed there will be real competition in the sugar trade and the 65,000,000 of American consumers will get the benefit of the competition. As it is now they pay the half-cent duty on every pound of sugar used for the sole benefit of the few holders of sugar trust certificates. Congress will make no mistake in legislation for the 65,000,000 instead of little groups of sugar millionaires who could all assemble in a very small room.—Philadelphia Times.

THE LATEST EXCUSE FOR A PENSION.—Charles Gengold, residing on the mountain near Middletown, has been awarded a pension of \$72 per month during the remainder of his life, with back pay of \$20,770.40. This is the largest pension that we know of that has been given to any veteran in this section. Gengold is a lunatic and his mental derangement is stated to have resulted from a shock caused by the death of his father, who was shot in the war at his son's side.—Chester, N. Y., News.

People who are putting up a continuous howl for free silver and more money would do well to turn over in their minds the assertion of the Ishmaelite, a Georgia paper, that if the money in the country amounted to hundreds of thousands of millions, the man with nothing to exchange for it would still get nothing without stealing it.

It would be the folly of madness to stake the results of the next presidential election upon the issue so strongly opposed in the democratic ranks as that of free silver. There is a danger signal in the fact that republicans want thus as a campaign question in order to avert the certainty of defeat that would attend a square fight on the tariff issue—betrayal Fine Press.

Miss Maggie Doniger, a young lady of Shelbyville, Ind., who has been living on dog flesh for several months in the hope of thereby curing consumption, died of the disease a few days ago. This result seems to show the ineffectiveness of one nauseating prescription, but the heaven in it persist that the patient did not resort to it soon enough.

Two boys at Janesville, Wis., have been notified that a lease for 99 years given by one of their ancestors on certain property in Harlem, N. Y., has expired and that they are now entitled to the property. Its value is estimated at \$20,000.000.

For a number of years I have been subject to violent rheumatism, and have suffered from it severely for two days, when I procured a bottle of Chamberlain's Pain Balm and it relieved me almost instantly. I, therefore, now, cheerful recommends it to all who are acutely afflicted everywhere. —R. D. Whitley, Mattoon, N. Y., Feb. 1888. Mr. Whitley is a very prominent man in this place and his disease was very widely suffered such severe pain.—W. M. Houston & Co., merchants, Mattoon, N. C., see bottles for sale by D. M. L. THE OUTCOME OF A DISCUSSION.

"So far as I am concerned," observed the man in the mackintosh, "I believe in cremation."

"Just as lief be reduced to a handful of ashes, put in an urn, set on the mantelpiece and hibiscus, would you?" inquired the man with his feet on the table.

"Certainly. What difference would it make to me? When I am done with my body I'm done with it. The sooner it is reduced to its original elements the better. Think of the horrible!"

"But consider what is due to the living," interrupted the man in the slouch hat. "If you are indifferent as to what becomes of your worn out hulk it may be your friends are not."

"My friends are mostly persons of sense. I don't think they would be opposed to my disposition. I might choose to make of my own effects, and certainly I have a right to consider my body my own."

"Science, common sense, the public welfare and every consideration of duty to posterity," remarked the man with the cigar, "point to cremation as inevitable. It is as sure to come some day as"

"Gentlemen," broke in a man who had been standing by the stove, "I can't keep silent any longer! If you have no regard for the body that has been the abiding place of your own immortal soul don't outrage all the feelings of those who have! Don't fly in the face of sacred usage. Would you have our cemeteries turned into corn fields, brickyards or howling wildernesses? In the name of all that is hollowed, tender and time-honored, do not, I beg of you, gentlemen, do not encourage an idea so horrible and revolting as that of cremation!"

"Who is he?" inquired the man in the mackintosh, after the last speaker had gone out.

"Don't you know him?" said the man with his feet on the table. "That's Garlinghouse, the tombstone manufacturer." —Chicago Tribune.
